

St. Mark Catholic School Supply List 2022-2023

Parents,

Purchasing school supplies each year can be overwhelming and costly. We try to limit the items we ask you to purchase to just the necessities to cut down on cost. To help reduce how much you spend, keep in mind that some items can be reused from year to year. Items such as backpacks, scissors, rulers, pencil boxes, calculators, compasses, protractors etc. if in good condition can be used for multiple years. But some items such as pencils, crayons, folders, etc. we do ask that you purchase new each year.

This year we have added the option to purchase school supplies online through 1st Days School Supplies. Visit the website <http://1stdayschoolsupplies.com/kits.php?sid=1178419> for quick and easy shopping. Supplies will be delivered directly to school when purchased through this site!

Intermediate (4th-5th)/Middle School (6th-8th) Parents & Students,

The intermediate/middle school supply list can often be confusing and overwhelming! Hopefully this letter will help clear up some confusion and help you with how to organize some supplies that may be used in multiple classes.

The pencil bag listed on the general school supply list should be taken with you to every single class you go to throughout the day. This should include your pencils, pens, highlighters, erasers, and scissors. Your assignment notebook should also be taken with you to every single class so that you may easily keep track of assignments.

Some supplies can be used throughout all of middle school and do not need to be purchased new each year. The calculator should be purchased in 7th grade and kept through 8th.

The loose leaf paper will go to your homeroom teacher for a class set of paper for homework and other assignments throughout the year in which loose leaf is needed.

For middle school (6th-8th), all of your “art” or coloring supplies should go into your pencil box. This will be taken to art every day, but also to any other class in which your teachers may ask you to bring your coloring supplies for class activities.

Part of intermediate/middle school is about becoming more independent and responsible, and this includes learning how to manage your supplies and keep organized! Please let us know if you have any questions regarding the school supplies list.
